

YOUR IMPACT

Look what we achieved together. Every contribution helps to create a more sustainable and just world for all.

2025 Impact Snapshot

Thanks to the support of donors, partners and Gift in Will supporters, we've achieved some big wins for nature and climate. These wins didn't happen overnight. They're the result of sustained pressure, years of campaigning, and a community of supporters who refused to give up.

2025 Campaign Wins

Global Ocean Treaty enters into force

A historic win for the ocean. Supporter-funded pressure helped make the Global Ocean Treaty a reality and secure Australia’s ratification. It paves the way for permanent ocean sanctuaries around the world, protecting 30% of our oceans by 2030.

Learn more

Australia’s nature laws are stronger than ever

Strategic lobbying and pressure pushed the Australian government to pass long-overdue reforms to national nature laws. Now the Government must ensure the law is enforced and finally protects forests and endangered native wildlife.

Learn more

Standing up to Big Oil’s corporate bullying

A Dutch court rejected Energy Transfer’s attempt to halt Greenpeace International’s anti-SLAPP lawsuit. While the company continues a \$345M lawsuit to silence our movement, the ruling protects our right to push back and protest.

Learn more

Holding back Australia’s biggest fossil fuel threat

Your support helped keep up the pressure on the Australian government to reject Woodside’s massive Browse gas drilling project. We won’t stop until Browse is stopped and Scott Reef is safe from destructive fossil fuel expansion.

A new global law for climate justice

The world’s highest court ruled that governments have a legal duty to protect people from climate damage and hold polluters accountable, a huge win for frontline communities, secured by a Pacific youth-led campaign and supporters like you.

[Learn more](#)

Pacific nations stop deep-sea mining momentum

Over 40 countries now back a moratorium. The Solomon Islands and Marshall Islands demand an immediate halt while Kiribati stalls its pro-mining agenda. Donor support helped elevate Pacific voices and build global momentum for action.

How we invest your money

sustainable future for all. Every dollar you give supports critical campaigns that address urgent environmental issues like climate change, deforestation, plastics, climate justice and deep-sea mining.

How we work

As a leading environmental organisation, we are committed to efficient and transparent financial stewardship that ensures the generosity of our supporters is always strategically allocated towards achieving maximum impact where it is most needed, at the local, regional and global levels.

2025 Income

\$30,028,000

2025 Overall Expenditure

\$30,489,000

How your donations make an impact

Your support drives change. Here’s how your contributions made a difference in 2025-2026:

387,000

took bold digital action, calling on governments and corporations to act more decisively for the planet.

125

volunteers attending trainings to learn how to crew our boats, climb structures or have compelling meetings with their MPs.

325,000

were part of our campaigns to protect our ocean from gas extraction, overfishing, deep-sea mining and plastics.

* These figures reflect the outcomes and results achieved during that reporting period and may be subject to change as campaigns progress and new data becomes available.

Thank you

We have worked side by side to protect the environment, champion climate justice, and support Pacific communities. Every step we took to safeguard our oceans and build a sustainable future was made possible by your unwavering support. We couldn’t do this work without you. Thank you!

PEACEFUL FUTURE

Greenpeace is fighting environmental devastation at its source. We confront polluters, defend nature, and stand with communities on the frontlines of the climate crisis.

Join now to hear about our current campaigns and impact.

By signing you give permission for Greenpeace Australia Pacific to contact you with campaign updates. Your information is safe and secure with us – for more information please see our [Participant Collection Notice](#) and [Privacy Policy](#).

Acknowledgement of Country

Greenpeace’s mission is to secure an earth capable of nurturing life in all of its magnificent diversity. We acknowledge the nurturing of land and waters by Indigenous peoples since time immemorial. We acknowledge the enduring sovereignty of Indigenous peoples of Australia and the Pacific. We acknowledge we stand on the traditional lands of Indigenous peoples and pay respect to elders past and present.

Commitment to Diversity

Climate change impacts certain people disproportionately and we work towards our commitment to equity and inclusion across race, gender, age, religion, identity, and experience every day, so that everyone can live a brighter future.
